

Kamaraj R

MERN STACK DEVELOPER

Passionate and detail-oriented MERN Stack Developer with a strong foundation in React.js and frontend development. Seeking to contribute to innovative projects by building scalable applications and delivering seamless user experiences.

Work Experience

- Company name : Integra Software Services Pvt. Ltd. Pondicherry
- Designation : Technical Editor - Trainee
- Duration : July 2024-Still Working

Projects

Education System - Built Using MERN Stack

Developed a student exam timetable management system using the MERN stack, allowing users to add, update, find, and delete tasks efficiently. Built RESTful APIs with Express and MongoDB, and designed a responsive front-end with React for an enhanced user experience.

Online Shopping - Built Using Reactjs

Developed an online shopping platform using React.js, incorporating features like product listing, shopping cart functionality, and order management. Designed with a responsive layout for improved user experience across devices.

Fees System - Built Using MERN Stack

Built a comprehensive student fees platform with the MERN stack, providing students with the ability to manage their fees by adding, updating, finding, and deleting records. Integrated MongoDB for data storage and created smooth API communication using Node.js and Express, ensuring a responsive and intuitive user interface.
